This matter comes before the Public Service Commission of South Carolina (the Commission) on request of Executone Information Systems, Inc. (Executone or the Company) for cancellation of its tariff to operate "0+ Collect" Services in South Carolina, including Automated Intellect Services to inmates at correctional facilities . Said tariff was approved by us in Docket No. 94-607-C, Order No. 94-998, dated September 14, 1994. Executone states that it has no customers within the State of South Carolina, is not providing the services contemplated by the tariff authority, and does not intend to provide those services in the foreseeable future.

Because of the above-stated reasoning by the Company, we hereby approve the request to cancel the tariff. This Order shall remain in full force and effect until further Order of the Commission.

Chairman
